

If you would like to discuss using the building the church is always open to the local community on a Thursday morning for coffee between 10.00 and 12.00 and this may be a convenient time for possible users to be given a personal tour.

However a visit can be arranged at an alternative time during the week if preferred. The church is, of course, in use on Sundays and at other times during the week for church activities.

Please write to the address on the cover page, or e-mail info@ths-baptist.org.uk

Tilehouse Street Baptist Church

Open to the Community

Website: <http://www.ths-baptist.org.uk>

Following alterations to our worship area our church can now be made available to community organisations within the town.

The venue is suitable for such events as day or part day conferences, concerts, meetings and presentations. Facilities include flexible seating, amplification with loop system, and spaces for breaking up into groups. Disabled access, toilets and simple refreshment facilities are available.

Both the church and the foyer can be used.

Since completion of the changes in December 2009 the church has housed:

The Churches Together in Hitchin service for the week of prayer for Christian unity.

Our own *Café in the Sanctuary* – a fundraising event hosted by the church youth group.

Churches Together in Hitchin holiday club for young children

The church will also be a venue for events in the annual Hitchin Festival. Following the restructuring, the space offers a more intimate atmosphere for chamber and choral concerts, jazz groups, or poetry readings. It can also serve as an excellent rehearsal space. A grand piano, drum kit and pipe organ are available for use.
